Madras alumni Category:1947 births Category:Living people Category:Engineers from KeralaQ: Mongoose findOne and update query are not working I am trying to run a findOne query and then create new users using the update query. The problem I am having is that it seems that the findOne is not functioning properly. I am trying to add a new row but the log shows that findOne is returned an empty object. I tried using.push instead of.save but that did not work either. Any ideas?

```
users.js const express = require('express'); const router = express.Router(); const mongoose = require('mongoose'); const path = require('path'); // Import the model const userSchema = mongoose.Schema({ name: { type: String, required: true }, email: { type: String, required: true, unique: true }, username: { type: String, required: true }, password: { type: String, required: true, bcrypt: true } }); // Module imports const User = require('./models/User'); router.get('/', (req, res) => { User.findOne({}, (err, data) => { if (err) { console.log(err); } else { console.log(data); res.send(data); } }); });
```
