Jeremy and Trish's story starts with their first date, their first kiss, and ends when they go to their first dance together. "Our" story starts on the day that Jeremy became a father, and finishes with the day that they became parents to their third son, Maximilian. Jeremy and Trish will not be limited by any binding rules or traditions. They are only limited by their love and their children. Words are not necessary.

Many people have said many things about Jeremy and Trish, but the most important words they have spoken are the ones in the heart of their children. - Jeremy and Trish We have a story to share. From our first date, to the last dance of our 20 year wedding anniversary we have been a family. We have been through the ups and downs of life, parents, children, and a whole lot of other milestones. This is our family story, from beginning to end. We like to believe that this is how families are meant to be, and we are pretty sure that a few of you will be saying the same thing when you leave this website. We still have a lot more to go, and we can't wait to share our journey together.
