Turquoise  
Jewelry.

WITH

A close-up photograph of a hand with dark red nail polish holding several pieces of jewelry. At the top, a silver chain necklace with a large, round turquoise pendant is held. Below it, the hand displays several rings. One ring features a large, oval turquoise stone set in a silver band with a textured, possibly pavé, setting. Other rings include a diamond ring with a large round brilliant-cut stone, a ring with a smaller turquoise stone in a floral or sunburst design, and another ring with a large turquoise stone in a simple silver band. The background is a soft, out-of-focus brown.
